We make a request for our clients to join the immigration NGOs where you can decide to work as a volunteer. Any person can volunteer in these organizations, they are set in place to help new immigrants settle abroad at ease. They fully understand all the tools required to help you through the process of settling in Canada. Volunteering helps you to get some recommendation letters showing that you have experience in abroad. They also conduct optional skills advancement training to ensure you have a great foundation in the labor market. They also give you a legal stay in Canada.

NB: you get paid for volunteering, enough money for your (upkeep).

EMPLOYMENT AGENCIES WAY

BOON TRAVEL AGENCY has networked with different immigration lawyers and employment agencies to support new immigrants in Toronto and Vancouver.

Under mutual agreement based on trust, our immigration lawyers can receive you from the airport, offer accommodation for some time and prepare you through the work permit documentation and any other legalities, Boon Travel Agency and different employment agencies in Canada with the assistance of our immigration lawyers also came to an agreement that anyone who gets a visa will be fully funded with finances to cater for FLIGHT, ACCOMMODATION, JOBS and DOCUMENTATION FOR WORK PERMIT.

The employment agencies will take our clients as their investment and support them aggressively to getting a job in which salary will be paid from the employer to the employment agencies. The client is a responsibility of the employment agencies and they will only take a share of 30% from your salary to clear the balances and give you 70% for a duration that does not exceed 5 months in Canada.

Our customers will have the right to choose from the best available job since the employment agencies serve different production companies, large scale businesses and supermarkets in Canada. You are also advised to apply for open work permit which will allow you to work for different employers hence raising your income.

NB

- This agreement is only signed after you successfully secure your visa through our normal procedure.
- The agreement is signed under mutual trust and Boon Travel Agency has the right to choose the clients to favour.
- Any client who has a visa (not through Boon Travel Agency) will be required to top up a commission fee of kes 50,000 to gain the favours.

SELF HELP WAY

We are currently living on an offer stating that you can apply for work permit if you are a visitor in Canada. This makes it easier for Boon Tours and Travel and community abroad to help you get a job even before landing. The Canadian government earlier last year published that they need more than 400,000 new immigrants per year for the next 3 years. You can also conduct personal research on that.

This favours both skilled and unskilled laborers.

JOIN ASYLUM

An asylum is an advanced way that developed countries use to welcome refugees from other countries.

Reasons for asylum

- Get financial assistance/funds from the government.
- Your target is getting a permanent residence.
- The Government's first priority is helping you settle hence you get a work permit as soon as possible.
- That is the center of everything , it is the place people hunt jobs, know immigration lawyers, interaction etc..

There are so many more options, you can either combine the three options above or opt to work with each option "solo". Boon Tours and Travel is always willing to guide you through.

NB- we also have more immigration channels but the above can be made successful if we help you apply for any visa type.
